

CURRICULUM VITAE

Name: **STRATIS EFSTRATIADIS**
Profession: Civil Engineer
Date of birth: 1948
Place of birth: Athens
Marital status: Married with 2 children

EDUCATION

1972-1973 Department of Civil and Environmental Engineering, Imperial College, London U.K
1973 Diploma in Structural Engineering
1973 M.Sc. qualified by the University of London
Research was based on the effect of the vertical force of seismic acceleration on structures, and was attained with the help of computer software
1967-1972 Department of Civil Engineers-National Technical University of Athens, Greece
1972 Degree in Civil Engineering accredited by the National Technical University of Athens
1967 Graduated from Athens College, Greece

LANGUAGES

English (fluent)

SCIENTIFIC EXPERIENCE

March 12-13,2009 "Pro-seismic Strengthening Design and Construction" Seminar
1985 Participation in all, up to date, venues organised by the HELLENIC CONFERENCES OF CONCRETE, apart from the first one (Bolos, April '73).
1978 Announcement at the scientific edition of T.E.E "Technical Chronicle" (issue I-78) having as topic:"The interaction of sway modes that trigger the vertical force of an earthquake, with these that trigger the horizontal force, on frame members."
1975 Announcement at the 1st Greek Convention for Tall Buildings with topic: "The contribution of a refined method using finite differences, to the solution of the differential equation for the earth movement."

PROFESSIONAL QUALIFICATIONS/MEMBERSHIPS:

Member of the Technical Chamber of Greece (T.E.E.)
Member of the Concrete Society, Greece
Member of the Concrete Society, Great Britain

WORK EXPERIENCE

2001-Present Managing Director and President of the Board of Directors of the above firm under its current status "HELLINIKI MELETITIKI" S.A.
1983 - 2001 Associate and co-manager of the consulting firm "HELLINIKI MELETITIKI" LTD
1974-1983 Worked as a freelance civil engineer. The office dealt with both structural and seismic analysis and design as well as with the required on-site supervision.
Distinctive partner of the British "VIVIAN ROSSI and ASSOCIATES INT." consulting firm, working mostly on issues that accumulated seismic design.
Associate of the the companies: "PROTEUS LTD", "ERGOTEXNIKI KRITIS LTD", "E. EFSTRATIADIS-E. ANAGNOSTAKIS-E. XATZIDAKIS LTD" and "A.P.A. S.A.", aiming the design and construction of public projects in Athens and in Crete.
